

PAYMENT SOLUTIONS

SPECIAL PRICING PROMOTION

Real-Time Credit Card Payments for Quantrax Users:

BillingTree (formerly EPP) & Quantrax have partnered to offer discounted pricing for real-time Credit Card transactions. The pricing below is based on Quantrax users who choose to utilize their own merchant accounts. *BillingTree offers further discounts to users who also establish a merchant account. Deeper discounts will also be available once Quantrax users hit 50,000 transactions in aggregate.*

MEET CUSTOMER NEEDS

- » Website Payments
- » Electronic Checks (ACH)
- » Automated IVR Payments
- » Real-Time Card Payments
- » Online Debt Negotiation
- » NSF Returns Management

POWERFUL FEATURES

Integrated: Transactions post and reconcile to your Accounts Receivable software automatically.

Accelerated Funding: Receive and post payments in a fraction of the time required by traditional methods.

Reduced Overhead: No more manual processes that require valuable employee time and cost you money.

Management Options: Process reports, modify or cancel payment and payment plans.

Security: All data is transmitted using SSL encryption and is stored within a protected-data environment.

Compliance: BillingTree provides you with everything you need to maintain the best practices in payment acceptance.
