

# RME<sub>x</sub> Management Training: Credit Reporting

- Credit Reporting in RME<sub>x</sub>
- Setting Up Credit Reporting on Your System
- Setting Up Your Clients for Credit Reporting
- Stopping Credit Reporting by State When Account is Placed
- Establishing When To Start Credit Reporting New Accounts
- Creating A Test or Live File To Send To Credit Bureau
- Viewing Credit Reporting History
- Credit Reporting An Account That Was Flagged to not be reported to the Credit Bureaus
- Credit Reporting An Account That Was Stopped in Metro2 Controls or if Account Was Withdrawn

- ❑ The Consumer Data Industry Association (CDIA) standardized format for credit reporting
- ❑ Includes wide range of credit history information while complying with federal laws and regulations in credit reporting (such as accommodating consumer disputes and disputed status of information)

# Exception Reporting vs. Balance Reporting

---

- Exception reporting** – New, PIF or withdrawn by the client
  
- Balance reporting** – New, PIF withdrawn by client or balance has changed
  
- All Account reporting** – once reported, reported with every file run until PIF or withdrawn by client
  
- NOTE: Most credit bureaus prefer the Balance reporting option.

# Setting Up Credit Reporting On Your System

## System Control 2 > Credit Reporting > New Credit Reporting (New Metro2 unpacked Standard format> pg. 1

### Metro2 Credit Reporting

Company name QUANTRAX .7 BOX - COMPANY 99

	Agency/Program identifier	Identification number
1) Equifax	JHVJFV151	JKCN45V4V5
2) Experian	BH144	5F14F1V845
